Change in MAMBA membership/Map access

- Historically maps were hidden as an attempt to limit users on the mountain
- With approval by major landowners, we are moving the maps OUT of the pay-to-play realm and utilize the crowd-source maps / Trailforks as a way to keep providing and upkeeping maps- up kept by MAMBA
- Move by Priebe to remove map structure, pending “Bennet” written approval. Motion passes 5/1
- Donation structure: what now? Slim, fewer options better- reference back to Wenz’s January presentation. CIMBA’s model (NPR model?? That’d include schwag)
 - Keep it simple, 3 tiers, for example: \$25, \$50, \$100

Fundraising Person

- Motion by Wenz to create a fundraising chair and appoint Sandra. Motion passes. 5:1
 - First job: please figure out the job description

Trails

- Wenz will talk to Paul about reroute options
- Wenz will verify with landowner their property lines

 - Salvage bridge parts for reuse elsewhere
